

FOUR STERN NOTES GO TO POLAND

BY EARLE C. REEVES.
[STAFF CORRESPONDENT I. N. SERVICE]
LONDON, Aug. 26.—Four stern and emphatic notes have been sent to Poland by the U. S. Great Britain, France and Italy, warning the new republic in the East against anti-Russian aggressions and a continuation of the war. It was learned this afternoon.

The Washington note is said to have pointed out that the bloodshed should be stopped, now that Poland's military victory is assured. The Poles are warned against breaking off peace negotiations with Soviet Russia and are urged to make peace at the earliest possible moment, adhering rigidly to the principles of the treaty of Versailles.

The British, French and Italian notes are said to be couched in even stronger language than the communication from the U. S.

It is understood in semi-official circles that Poland will reply immediately to the American note giving assurance that the Polish government will continue its efforts to a peace agreement with Soviet Russia and pledging itself to comply with the treaty of Versailles.

It is understood that Poland will suggest the immediate transfer of peace negotiations to Riga.

HAMMOND SUPERIOR COURTS

Paul Antak of Hammond, has filed a complaint in five paragraphs in the Hammond Superior court in which he asks \$200 damages from the Western Union Telegraph Co. Antak says that on December 10, he turned \$100 over to the company to be delivered to Anna Antak at Susak, Croatia, and paid \$3.33 exchange charges. The money was not delivered or returned to him, he says. Ibach, Gavitt and Stinson are his attorneys.

The Washington Lumber and Coal Co., of Indiana Harbor is suing the Baldwin Locomotive works for money said to be due on a contract for materials used in construction work on the site of the proposed Baldwin plant in East Chicago. W. B. Van Horne is attorney for the plaintiff.

YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For a year we gave her all kinds of tonics but to no good. One day one of your little books was thrown on our porch and I saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter."

Mrs. J. H. Boyd, 1902 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

"KILLED COLUMN" IS REVIVED

[INTERNATIONAL NEWS SERVICE]
LONDON, Aug. 26.—The "Killed in action" column in the obituary section of the Times has been revived since fighting has broken out on a big scale between British troops and Turkish revolutionaries in Mesopotamia. The details accompanying the death announcements show that severe fighting has been in progress in Mesopotamia since early in July.

PESKY BED BUGS

Bedbug (Cimex lectularius). The origin of the name bedbug is unknown, but is supposed to be naturally suggested as it is descriptive. There are many local names for these parasites, as for instance, "Chinches" from Baltimore comes the name "Mashogony Flat" in New York. They are styled as "Red Coats" around Pittsburgh they are called "Pesky Devils" in Cincinnati and the South "Night-riders". In Hammond and Chicago district "Crimson Ramblers" the great West. "Pirates" The old saying, "the bedbug has no teeth, but they get there just the same" is correct. Instead of teeth they possess a piercing and sucking beak to draw and rob you of your blood for their own body.

Bedbugs, no matter what you may call them, or where they came from, science has found a way to rid them if you will use faithfully the new chemical Pesky Devils Quillets "P. D. Q." A 35c package makes one quart enough to kill a million bedbugs, roaches, fleas, ants or cockroaches, and their eggs as well. P. D. Q. will not injure bedding, and each package contains a patent sprout to enable you to get them in the hard-to-get-at places. Impossible for Pesky Devils to exist where P. D. Q. is used.—Adv.
